

However, for those who march without completion, diplomas will be issued and dated on the next official graduation or degree conferral date following completion of all degree requirements.

A list of graduates who have completed all requirements and received degrees for each commencement will be made public through a posting on the Andrews University website.

## UNDERGRADUATE PROGRAMS

### Admission

Admission to Andrews University is available to any student who meets the academic and character requirements of the university and who expresses willingness to cooperate with its policies. Because Andrews University is operated by the Seventh-day Adventist Church, the majority of its students are Seventh-day Adventists. However, no particular religious commitment is required for admission. Any qualified student who would be comfortable within its religious, social, and cultural atmosphere may be admitted. The university does not discriminate on the grounds of race, color, creed, disability, national or ethnic origin, sex, marital status or handicap.

Admission to one of the schools of Andrews University does not guarantee admission to a specific department or program within a given school. Transfers from one school to another may be made when the student meets the admission requirements for that school and has the consent of the deans involved.

### How To Apply

- Request application materials  
Telephone: 800-253-2874 toll free  
Web: [www.andrews.edu/future/](http://www.andrews.edu/future/)  
Postal Address:  
Office of Undergraduate Admissions  
Andrews University  
4150 Administration Dr  
Berrien Springs MI 49104-0740
- Return a completed Undergraduate Application with the \$30 (non-refundable) fee by the following admissions deadlines or a non-refundable \$50 late application fee will be applied:  
July 15 for fall semester  
November 15 for spring semester  
March 15 for summer session 1  
April 15 for summer session 2  
May 15 for summer session 3
- Request official transcript(s) to be sent directly to Andrews University from the secondary school and any and all colleges attended.
- Take the ACT or SAT test and arrange to have the results sent directly to Andrews.

**Apply Early.** Some departments have admission deadlines. Consult departmental sections of this bulletin for details. All students should apply several months before they plan to enroll at the university.

Freshman students are encouraged to apply before their final secondary-school transcript is available. A preliminary transcript with a cumulative GPA (through the 11th grade) and ACT or SAT test scores are reviewed by the Undergraduate Admissions Committee for a decision. All students must submit a final secondary-school transcript and ACT or SAT scores before they can attend classes.

### Admission Standards and Requirements

Undergraduate students are expected to meet minimum general admission standards. Individual schools or departments may set additional standards for entry into particular programs. These standards are often higher than those listed in the Undergraduate Admissions Requirement chart below.

Undergraduate Admission Requirements
Official documentation of completion of secondary-school studies from <ul style="list-style-type: none"> <li>an accredited secondary school</li> <li>or an equivalent overseas school (to be assessed by AACRAO guidelines)</li> <li>or GED certification with a minimum average score of 450 on five sections of the test with no section lower than 410 and 2250 total</li> <li>or Home School transcript of classes taken</li> </ul>
A minimum high school GPA of 2.5 overall and ACT/SAT composite scores at the 50th percentile (currently, these scores are 20 ACT and 940–970 [verbal and math] SAT; but are subject to adjustment annually) are required for admission. Completed application files from students who do NOT meet these requirements will be reviewed by the Undergraduate Admissions Committee, no later than July 15 for fall semester enrollment or November 15 for spring semester enrollment, for possible admission with prescribed intervention.
Students who have attended any college classes are required to have transcripts sent directly to Andrews University Undergraduate Admissions. College or University transcripts issued in languages other than English must be accompanied by an authorized English translation. Transfer students must have a minimum college cumulative GPA of 2.5 (ACT/SAT scores are recommended, but not required). Completed application files from students who do NOT meet these requirements will be reviewed by the dean of the college that they wish to attend. The dean will then make a recommendation to the Undergraduate Admissions Committee for possible admission on Academic Probation, no later than July 15 for fall semester enrollment or November 15 for spring semester enrollment.
The individual admissions status of each applicant is subject to the review and final decision of the Undergraduate Admissions Committee.
For high school students, reference evaluations may be conducted with the student’s guidance counselor and/or principal.

**Home-Schooled Students.** Andrews University welcomes and encourages students who have completed their high-school education in a homeschool setting to apply for admission. Homeschool students should submit the following documentation along with the regular undergraduate application and \$30 fee:

- ACT (or SAT) test results
- Detailed transcript\* with a cumulative GPA or GED certificate
  - \* Should be completed and signed by the person who directed the program.

Call 269-471-6200 or 269-471-3854 for more information.

**Note:** Griggs University (GU) offers a secondary education program and will work with homeschool students who take a minimum of their last three high school courses through HSI to develop and grant a high school diploma. Contact GU at 800-782-4769.

**Community Values Agreement.** Each prospective student must sign a statement on the Undergraduate Application form agreeing to respect and abide by the rules and standards of the university.

**English Proficiency Requirement.** All students whose first language is not English must demonstrate adequate proficiency in English to succeed in the academic setting. A minimum score of 550\* on the paper-based TOEFL(pbt), 80\* on the internet-based TOEFL (ibt), or 80\* on the MELAB exam demonstrates such proficiency. Students who score below these levels may complete language requirements by enrolling in Intensive English Program courses (ENSL) on campus and passing the Exit Exam for English as a Second/Foreign Language.

Language proficiency must be met before enrolling full-time in regular course work.

These test results may not be required when the applicant has completed all education from at least the ninth through the twelfth grades or equivalent in an educational institution where English is the language of communication and instruction.

\* Some programs require higher scores.

**Required Medical Records.** In accordance with recommendations from the Centers for Disease Control, the Michigan Health Department and the American College Health Association, all first-time students must supply certain medical records to the school they plan to enter before registration can be completed.

**Tuberculosis Screening.** Students with a previous positive TB skin test must submit a report of a chest X-ray taken anytime within 12 months before registration. All other students must submit proof of a negative TB skin test taken any time within the six months before registration.

**Measles, Mumps, and Rubella (German Measles) (MMR)** Immunization. Each student born after December 31, 1956, must show proof of immunity to the diseases by one of the following means:

- Two MMR vaccines received after 12 months of age
- One MMR vaccine received within the two years before registration
- A blood test proving immunity to the diseases.

### Admission of Transfer Students

Students who have already attended a community college or other post-secondary school are admitted based on the same admission standards required of all applicants.

Transfer students who have earned 25 or more semester credits before applying to Andrews are evaluated on the basis of their cumulative college GPA and not their secondary-school GPA.

Transfer credits do not appear on the student's Andrews transcript.

A transfer student who does not meet admission standards may apply. The student's application materials will be reviewed by the Undergraduate Admissions Committee using recommendations from the academic dean of the college or school in which admission is sought. After the review, the student will receive a letter outlining the conditions for admission or indicating that admission has been denied.

**Transfer of Credits.** Students enrolling at Andrews University may transfer to their current program a limited number of credits for courses taken at other schools, if the following expectations are met.

- Complete official transcripts are submitted from each institution where work was done. College or university transcripts issued in languages other than English must be accompanied by an authorized English translation. (Registrars of these institutions should send transcripts directly to the Andrews University Office of Undergraduate Admissions.)
- The credits presented for transfer are for college level courses in which the student has earned a grade of C- or higher.
- All credits presented for transfer come directly from accredited institutions.

Requests for transfer of credits may be made only at the time of admission to the university, at the time when a change of program is approved, or if a petition to accept the course is approved and on file before the course is taken. The approving officer may specify conditions that must be fulfilled for the acceptance of the course.

**Limit on Number of Transfer Credits.** The schools of the university allow no more than 70 semester hours to be transferred from community colleges (two-year) and applied on a baccalaureate degree. More may be approved by the dean as part of a planned professional program.

Only 6 transfer credits, including correspondence credits, may be applied on the last 36 semester credits of a degree program. Individual schools and programs may have other limitations on transfer credits.

**Transfer of Credits from an Unaccredited School.** Transfer credits from an unaccredited school are accepted on an individual basis after the student has demonstrated satisfactory academic performance at Andrews University. With advice from the Office of Undergraduate Admissions and Office of Academic Records, the dean of the school concerned determines the credits to be accepted, based on satisfactory performance in advanced-level courses and/or validation examinations. Likewise, departments determine the credits that can be applied toward a major or minor.

### Dual Enrollment Status

Dual enrollment status is available to advanced undergraduate students who wish to begin work on a graduate program. However, taking graduate courses does not guarantee or imply future admission to a degree program.

Dual enrollment will affect your financial aid package. Be sure to speak to a financial aid advisor prior to a dual enrollment semester.

**Requirements for Dual Enrollment.** To be eligible for dual enrollment status the student must satisfy all of these requirements:

- Be an undergraduate student at Andrews University
- Be within 12 credits of finishing an undergraduate degree
- Be in the process for admission to a graduate program and meet all other regular admission standards for a graduate program
- Be enrolled in no more than 12 credits (combined graduate and undergraduate) each semester.
- Be sure to see your Financial Aid advisor, this may affect your award eligibility.

**Limitation on Graduate Credits.** The limitations on graduate credits taken while a student has dual enrollment status are the following:

- Credits may not be used to satisfy undergraduate requirements.

## 42 ADMISSIONS AND ACADEMICS

- A maximum of 16 credits of graduate courses may be reserved and applied to a subsequent graduate degree at Andrews University.

### Permission to Take Classes (PTC) Status

Permission to Take Classes (PTC) is a temporary enrollment status, not an admission category.

**Qualifications for PTC Status.** PTC status is assigned to any of the following:

- Guest students who are already regular students at another school but wish to take courses at Andrews without being admitted.
- Persons who need certain courses to qualify for certification.
- Adult students in off-campus classes who do not wish to enroll for a degree program.
- Gifted secondary-school students enrolled in special programs for academic enrichment.

### Secondary Students Taking College Classes on a PTC Basis.

Several programs are available to high school students for taking classes at Andrews University through direct arrangements with school offices such as Andrews Academy and the Berrien County Intermediate School District. Students who are interested in these programs should check with these offices to determine courses available and the payment program. These offices then communicate enrollment lists to the office manager in the Andrews University Enrollment Services office.

For high school students, including homeschool students, who are interested in taking classes not arranged through the process mentioned above, the student should initiate the registration process through the office manager in the AU Enrollment Services office. This is done on a Permission to Take Class(es) (PTC) form. 300+ level courses require approval from the teacher of the course. These courses are offered at 50% off tuition of the “per credit under 12 credit hours rate.” If a student selects a class, or set of classes, equaling 5 credits or more they are charged the General fee for the semester as well. This fee is also discounted at 50%. There is no discount on lab/class fees. Once the PTC form is completed, the student then makes a payment for their 50% portion plus applicable lab/class fees at Student Financial Services after which they are financially cleared, shown as registered, and ready to start classes.

**Limitation of Credits Taken on PTC Status.** Students who eventually apply and receive regular admission, may ask that up to 21 of the undergraduate credits taken on a PTC basis be applied towards the proposed degree. A minimum grade of C must be received in each course to be accepted for degree credit.

### Admission of International Students

International students must pay an advance deposit and a housing deposit. Such students are also required to present a satisfactory budget for financing their studies and living costs (see the financial section of this bulletin).

Only after the above provisions have been met will an I-20 Form be issued to enable a student to obtain the necessary entry visa to the U.S.

International students that have college or university transcripts issued in languages other than English must be accompanied by an authorized English translation.

### Students Accepted with Prescribed Intervention

Some freshmen who do not meet regular admissions standards but whose high school performance or test scores indicate a possibility of success may be accepted. They are advised through the Student Success office. They will receive skills assessments and will be placed in classes selectively to enhance their academic success. Many will be required to take skills building classes. Students accepted with intervention must improve any skills deficits and achieve satisfactory academic performance in order to progress in their academic program.

### Refusal or Annulment of Admission

Applicants may be refused admission

- when they do not meet the admission standards
  - when they submit transcripts or records found to be fraudulent.
- Admission status may be canceled or annulled
- when students do not meet the conditions specified for continuing enrollment
  - when the admission status was based on documents later found to be fraudulent.

## Undergraduate Academic Information

### Planning Programs

**Advisors.** Students are assigned academic advisors based on the major chosen. Advisors function as academic guidance counselors to help students to schedule their courses, to learn how to follow academic rules and regulations, and to make decisions regarding their future. Although advisors assist students, the responsibility for meeting degree requirements and knowing the rules which govern academic matters always rests with the individual student.

**Required Placement Tests.** Before registration, all new students must take two placement tests for use in academic advising:

- ACT or SAT  
The ACT or SAT is required for admission and should be taken before arriving on campus. (International students studying outside the U.S. will be required to take the ACT/SAT if offered at their secondary schools.)
- TOEFL or MELAB  
International students that have not had four years of secondary school that was taught in English are required to take the TOEFL or MELAB.
- Mathematics Placement Test  
The Mathematics Placement Test is given on campus. Direct questions concerning advising, tutoring and student success to the Student Success Center. (phone 269-471-6096, e-mail: [success@andrews.edu](mailto:success@andrews.edu)).

**Declaration of Major.** Students are encouraged to declare their major field of study by the start of their sophomore year. Special advisors are assigned to students yet undecided. Assistance in exploring majors/careers is given through the Student Success Center and the Counseling & Testing Center.

### How to be Well-Prepared Academically

If you want to be well prepared for your university studies at Andrews University, we recommend that you take the following courses during your high school/academy/secondary home school years (or the equivalent of grades 9 through 12 in the U.S. educational system):

- Three years of math, including algebra I and II;
- Three years of lab sciences courses, with biology, chemistry and/or physics recommended;
- Four years of English courses, including ones that emphasize writing and vocabulary;
- Two years of a foreign language if your plans include a Bachelor of Arts degree at Andrews;
- One year-long computer course, including development of skills in database, web page development and other advanced skills; and
- Two years of social studies courses, including world or U.S. history (or history for your country of residence) and geography. If it's available at your school, also plan to take a Bible/religion course each year. Music/fine arts, physical education and practical arts also help build a well-rounded secondary education.

To find out more on how to take the right academic steps to succeed when you attend Andrews University (as well as other information on attending Andrews), please consult [www.andrews.edu/future/](http://www.andrews.edu/future/).

### Class Standing

At the beginning of the autumn semester, undergraduate students are classified according to the number of semester credits earned.

Freshman	0–24	Sophomore	25–56
Junior	57–86	Senior	87+

### Areas of Study

Specific requirements for majors, minors, and professional-degree programs are listed under each department section. Courses in other departments which are needed for a degree program also may be required as related cognate requirements.

All courses used to meet major requirements must be selected in consultation with the major professor or advisor.

### Honor Lists

**Dean's List.** Students with a minimum semester GPA of 3.50 are eligible to be on the Andrews University Dean's List. They must carry a load of at least 12 letter-graded credits, have no letter grades below a B (3.00), and have no incompletes. Receipt of a DG does not affect eligibility for the Dean's List. Each semester this list may be published or posted.

### Study-Work Loads

**Course Load.** The course load is expressed in semester credits. Each semester credit represents one fifty-minute class period or equivalent per week for one semester. Preparation time of approximately two hours for each class period is assumed. Thus a 4-credit class meets four times a week. A laboratory or practicum experience of 3 hours is considered equal to one regular class period unless otherwise noted in the course syllabus.

The normal undergraduate class load is 15 to 16 credits per semester. Those wishing to register for more than 17 credits must secure permission from their dean. If good scholarship has been demonstrated by the student, the dean may permit a freshman to register for a maximum load of 17 credits; sophomores, juniors, and seniors for 18 credits. Adding to the course load by receiving

private instruction, by correspondence work, or by registering in another university or college while being currently registered at Andrews University is not allowed. Exceptions must have permission from the dean of the school in which the student is enrolled. If permission is granted, the total study load per semester must not be greater than the maximum load permitted in residence. A student is not permitted to earn more than 20 credits during one semester.

**Work Load.** The course load of students who engage in part-time employment must be adjusted to provide a reasonable balance of work and study. In determining the proper balance, the student's intellectual capacity and previous academic record are considered. Students taking 12 to 16 credit hours are recommended a maximum work load of 20 hours per week.

Students should consult with their advisors in planning a proper balance of study and work. Exceptions to the above guidelines require approval by the dean of the school in which the student is enrolled and the Employment Office before the work is undertaken. On-campus employment is limited as specified in the financial section of this bulletin.

### Satisfactory Academic Progress

Students are expected to maintain the following minimum academic performance standards:

- Successfully complete at least 66% of all courses attempted following initial enrollment.
- Maintain an overall GPA of at least 2.00 (average grade of C). If a student fails to maintain an overall GPA of 2.00 (on a 4.00 system), his/her enrollment category is changed to probationary.

### Academic Probation Procedures

**Academic Probation.** A student is classified as on Academic Probation when one or more of the following three conditions apply:

- 1) the cumulative AU GPA falls below 2.00,
- 2) the semester GPA is 1.75 or below,
- 3) a combination in a semester of three or more of Withdrawals (W), Incompletes (I), or grades lower than a C.

Students on academic probation are removed from probation when they successfully complete the requirements of their academic probation plan as prescribed by their dean.

Students on academic probation: (1) are expected to limit extra-curricular activities and part-time employment; (2) may be required to take special courses (see below), and (3) may be restricted to taking no more than 12 credits per semester, including these special courses. This program ensures that students have ample time to concentrate on their courses and develop personal habits for greater success in future terms. Students on academic probation for any two semesters may not be permitted to re-register.

Students on academic probation may be required to take one or more of the following special courses:

- GDPC115 Academic Learning Assessment—individual guidance to help students succeed at Andrews University. Instructors use comprehensive evaluations and individualized plans to help students break patterns of failure and to achieve success.
- GDPC116 Academic Development—to help students clarify personal goals and values and improve their study skills.
- ENGL110 Beginning Composition—to help students learn to write clear, effective sentences and paragraphs with few mechanical errors.

#### 44 ADMISSIONS AND ACADEMICS

- EDTE140 Reading Vocabulary Development and EDTE160 College Reading Efficiency—to improve the skills of those with reading problems.
- MATH091 & 092 Arithmetic and Algebra Review—to help students with poor mathematical backgrounds.  
Further information is available from the dean of each school offering undergraduate programs.

**Academic Suspension/Dismissal.** Students are subject to academic dismissal in four ways:

- Earning during a given semester a GPA of 1.25 or less
- Two semesters on academic probation
- Failure to meet Probation Student Guidelines for their personal academic probation program outlined by their dean
- Displaying a high degree of academic irresponsibility in matters such as class attendance and homework assignments.  
Failure to honor the Scholastic Study Lab Contract is sufficient grounds for academic dismissal.

Academically suspended students may appeal to the dean for semester-by-semester admission.

#### Advanced Placement Opportunities

Andrews University provides opportunities for advanced placement by following the methods listed below. This applies only to matriculated students in good and regular standing. Regardless of the method, the most credit that may be applied to a baccalaureate degree is 32 semester credits.

The Advanced Placement Opportunities booklet, which can be obtained from the Office of Academic Records, has the courses listed that will be accepted for the various areas listed next:

**International Baccalaureate Exam.** Andrews University recognizes scores from the International Baccalaureate (IB) exam as follows:

- For general-education courses, a score of 4 (Higher Level) is considered for general-education credit.
- For major-level courses, a score of at least 5 (Higher Level) will be considered through review by the department for credit towards major requirements.
- The student may be allowed to enroll in a sophomore-level, major-level course with the purpose of validating the IB experience. If a grade of at least B- is obtained in the sophomore-level course, credit for the freshman-level major course(s) would be given.

**Advanced Placement Program.** Some secondary schools offer selected students the opportunity to accelerate learning by taking one or more subjects at the college level during their senior year. In May of each year, the College Entrance Examination Board (CEEB) gives a set of Advanced Placement (AP) examinations which cover this advanced work. Andrews University cooperates in the Advanced Placement Program, awarding college credit for all AP courses passed with an exam score of three (3.00) or better.

Exceptions: To receive Calculus I and II credit, a score of 4 or 5 must be achieved on the AP Calculus BC examination.

A score of 4 or 5 on the Advanced Placement test in Language and Composition may provide the student with 3 credits for ENGL115 (English Composition 1). A score of 4 or 5 on the Advancement Placement test in Literature and Composition may provide the student with one of the following: 3 credits for ENGL115 OR 3 credits for ENGL255 (Studies in Literature).

**Credit by Examination.** Some students have achieved college-level proficiency on the basis of work experience or informal

study. Andrews University provides recognition for such learning through two types of credit-by-examination procedures: (1) recognized standardized tests such as the College Level Examination Program (CLEP) and the Defense Activity for Non-Traditional Education Support (DANTES), and (2) through examinations administered and/or prepared by an academic department within the university.

No credit by examination of any type may be taken during the last semester immediately preceding graduation.

Transfer students wishing to apply CLEP or DANTES credits to their Andrews degree must have a CLEP or DANTES transcript sent to the Andrews Counseling and Testing Center for score evaluation by Andrews University standards. A fee is charged for this evaluation (see the financial section). Credit is allowed if the student scores at or above a score of 50 in a CLEP Subject Examination. Selected DANTES Subject Standardized Tests have been approved as a basis for credit at Andrews University.

Credit by examination is never regarded the same as credit taken in residence. No type of credit by examination may be used to replace failures or other low grades received at Andrews.

Complete information on the subjects accepted by Andrews University for CLEP or DANTES is available from the university's Counseling and Testing Center. Information on challenge exams administered within individual university departments should be sought directly from the respective department(s). The following courses are not accepted via CLEP: ENGL115, 215 and INFS120.

**Validation or Proficiency Exams.** Special examinations may also be taken for reasons other than earning credit. Certain published curricular or degree requirements may be waived, or transfer credits from an unaccredited college may be validated through special examinations. For further information, contact the dean of the respective school.

#### Special Learning Experiences

##### Transferring Correspondence Courses from Another Institution.

These guidelines pertain to students who begin at Andrews University and wish to take correspondence courses from another accredited college or university. These guidelines do not apply to Andrews University distance education courses.

A maximum of 16 semester credits by correspondence, other than credits taken through Andrews distance-education, is accepted toward a baccalaureate degree. However, correspondence credit may be applied on a major or a minor only with the approval of the department chair. Normally, students do not take correspondence courses while in residence. They may be allowed to do so because of a schedule conflict. Permission must be obtained in writing from the dean of the school in which the credit is to be accepted. Correspondence work is counted as part of the regular college load. Courses should be completed within six months from the time of enrollment.

Only 6 transfer credits, including correspondence credits, may be applied toward the last 36 semester credits of a baccalaureate degree. Correspondence courses cannot be used to replace failures or other low grades earned in residence. All transcripts for correspondence work must be in the Office of Academic Records at least 15 days prior to commencement.

**PLA: Prior Learning Assessment.** Credit for PLA is validated and granted through a process that includes the presentation of a portfolio. This credit-granting option is available only to students 24 years of age or older. PLA is for adult learners who

desire tangible recognition through academic credit for their achievements and expertise. Credit can be given for knowledge already acquired in subject areas as a result of on-the-job training, community-service activities, non-credit courses, and/or special accomplishments. For more information, contact the Student Success Center.

**Cooperative Education.** Andrews University has developed official, cooperative, educational opportunities for students. In this program, students are employed off-campus for specific periods of time as an integral part of their academic program. The employment is related to the students' courses of study and provides involvement in the practical application of theory. The work period may be full- or part-time. Students are usually paid for services by the cooperating employer and may receive college credit for the experience. Arrangements are made in consultation with the student's department chair.

### Baccalaureate Degree Requirements

The general requirements are the minimum required to receive a baccalaureate degree. Departments often have higher standards and additional requirements. The minimum, general standards are listed below.

#### Credit Requirement

- A minimum of 124 semester credits must be earned and applied toward the degree.

#### Course Requirements

- Bachelor of Arts or Bachelor of Science degrees. Students must complete required courses including the following: General Education requirements plus the requirements for a major, a minor (if required), and specified cognates (or related courses).
- Professional baccalaureate degrees. Students must complete all required courses including the following: General Education requirements plus the specific requirements for a degree as outlined in the appropriate section of this bulletin, including core, major, emphasis, and cognate requirements.
- All baccalaureate degrees. Students must complete a minimum of 30 semester credits from courses numbered 300 or above.

#### Residence Requirements

- A minimum of 30 of the last 36 semester credits applied to a baccalaureate degree must be earned on campus. Before a student takes non-Andrews University courses for any part of the other 6 semester credits, the dean of the college/school in which the student is enrolled must approve.
- A minimum of one-third of the credits required for a major, and 3 credits required for a minor must be earned on campus and in courses numbered 300 or above.
- School of Business Administration students seeking a BBA must complete at least 50% of the core and major (33 of the total 66 credits) in residence.

#### Grade Requirements

- Overall GPA: A GPA of at least 2.00 (C) is required in all credits, and in credits earned at Andrews University that are used to meet degree requirements. (Individual schools or departments may have higher minimum GPA requirements.)
- Major GPA: A GPA of at least 2.25 is required in all transfer credits, and in all credits earned at Andrews University that are counted for a major. (Individual schools or departments may have higher minimum GPA requirements.)

- Minor GPA: A GPA of at least 2.00 is required in all transfer credits, and in all credits earned at Andrews University that are counted for a minor. (Individual schools or departments may have higher minimum GPA requirements.)
- No course with a grade below C- may count toward a major or minor.

**One Degree with Multiple Majors.** Students may earn more than one major for a single degree. When more than one major is chosen, all the requirements for each major must be met to include all cognates for each major. If the majors represent more than one degree the student must specify which degree he/she wishes to receive (i.e., BA or BA or *Bprofessional*) and complete the General Education requirements for that degree. A course may be used to fulfill the requirements for more than one major or minor if at least 75% of the major/minor credits are not also counted for another major/minor. A course may not be used to fulfill the requirements of more than one major or minor used for teacher certification. Any courses that fulfill cognate requirements for one major/minor may also be counted for another major/minor. One diploma will be issued for the single degree even if there are multiple majors.

**Multiple Degrees.** Students who earn more than one major and the majors are in different degrees may wish to earn a degree for each major (i.e., BA or BA or *Bprofessional*). If more than one degree is chosen the General Education requirements for each degree must be completed. A General Education course may be used to fulfill the General Education requirements for multiple degrees. All the requirements for each major must be met to include all cognates for each major. A course may be used to fulfill the requirements for more than one major or minor if at least 75% of the major/minor credits are not also counted for another major/minor. A course may not be used to fulfill the requirements of more than one major or minor used for teacher certification. Any courses that fulfill cognate requirements for one major/minor may also be counted for another major/minor. One diploma will be issued for each degree earned.

**Assessment (Evaluation) Requirements.** Baccalaureate-degree candidates must complete general and departmental assessment examinations administered by the Counseling and Testing Center. These senior exit testing experiences include nationally normed standardized tests for all first-baccalaureate candidates and major field exams for selected departments and majors. In addition to the senior exit tests required for graduation, some departments may ask students to participate in additional assessment activities. Results from assessment experiences are reviewed by departments, the General Education Committee, and the Committee for University Assessment as part of the university's commitment to continuous improvement of student learning.

**Request for Graduation.** Degree candidates must file an Undergraduate Graduation Application with approval of the advisor and Office of Academic Records.

### Second Baccalaureate Degree Requirements

If a student wishes to earn a second baccalaureate degree, he/she must

- complete, in residence, 30 credits beyond those required for the first baccalaureate degree.
- meet all of the published requirements of the second degree major/professional component, including prerequisites,

## 46 ADMISSIONS AND ACADEMICS

cognates, degree core, and General Education requirements specific to the program of study for the second degree.

- complete a minimum of 3 credits in religion if the first degree did not include a comparable General Education component in religion.

### Associate Degree Requirements

**Credit Requirement.** A total of 62 semester credits must be earned and applied toward the degree.

**Course Requirements.** Students must complete the General Education requirements plus the specific requirements for the degree as specified in the appropriate section of this bulletin, including core, major, emphasis, and cognates as required.

### Residence Requirements

- A minimum of 15 of the last 21 semester credits applied to a degree must be earned in residence. Before a student takes non-Andrews courses for any part of the final 6 credits, the dean of the college/school in which the student is enrolled must approve.
- A minimum of 9 credits of the major must be taken in residence.

**Grade Requirements.** The grade requirements for an associate degree are the same as for a baccalaureate degree.

- Overall GPA: A GPA of at least 2.00 (C) is required in all transfer credits and in credits earned at Andrews University that are used to meet degree requirements. (Individual schools or departments may have higher minimum GPA requirements.)
- Major GPA: A GPA of at least 2.25 is required in all transfer credits and in all credits earned at Andrews University that are counted for a major. (Individual schools or departments may have higher minimum GPA requirements.)

**Request for Graduation.** A degree candidate must file a request for graduation with approval by the student's advisor and a designated records officer.

### Student's Governing Bulletin

Students may graduate under the bulletin for any school year they attend Andrews as long as that bulletin was published no more than ten years before the planned date of graduation. If students leave the university after earning at least 8 semester credits and then try to transfer more than 12 semester credits earned in the interim from another college, they are governed by the bulletin for the school year in which they return. The dean of the college in which the student is enrolled may permit exceptions.

The university reserves the right to require students (1) to take another course when a course required under an earlier bulletin is no longer offered, and (2) to graduate under a recent bulletin if they are working for certification by a governmental or professional agency.

## GENERAL EDUCATION

---

### Philosophy of General Education

The rapid expansion of knowledge in a multi-cultural world requires those who would be truly educated to adopt a

philosophy of lifelong learning. One must engage the mind in the study of many fields, from the fine arts to the empirical and social sciences. This broad encounter with varied perspectives and the exposure to knowledge gained from many disciplines forms the domain of General Education, one of the two pillars of American higher education. By contrast, the other pillar is one's chosen major, usually a focused study of a specific discipline and the development of required skills.

Thus, the General Education program encourages students to reach beyond the mere exercise of certain skills and the accumulation of present knowledge. Although the faculty deeply respects learning, it considers another goal equally essential—that of producing Christian alumni notable for their culture, character, civility, and intellect. Thus, the faculty seeks to prepare graduates who possess the ethical values, interests, abilities, and analytical thinking for both leadership and service, so that they may contribute effectively to their homes, companies, communities, and churches. Transmitting this common yet distinctive heritage—along with an appropriate level of knowledge and skills—forms the essential purpose of General Education at Andrews.

General Education is more than simply completing a specified list of courses. The faculty desires that undergraduates go beyond the mere study of their chosen disciplines to focus on developing spiritual strength, Christian values, and social abilities. As a result, the General Education program strives to foster an atmosphere in which each student is encouraged to

- Construct a thoughtfully conceived world view that recognizes the roles of Scripture, nature, and human discovery as sources of truth. Moreover, living from this perspective means consciously making Christian convictions explicit and applying them ethically, as well as articulating individual values from the viewpoint of one's chosen profession.
- Understand the heritage and mission of Andrews University in furthering the cause of Christ within the context of Seventh-day Adventist faith and practice. Thus, one is to affirm in mind and practice the importance of the Christian way of life as revealed in Scripture. This implies compassionate behavior toward other individuals as well as respect for the dignity of all peoples, recognizing their creation in the image of God.
- Enjoy camaraderie with many individuals, form enduring friendships within the diverse campus community, and esteem the sacred nature of marriage.
- Evaluate one's interpersonal effectiveness, including the ability to work in groups while maintaining the ability to think for oneself, and strive to enlarge the scope of all personal abilities.
- Understand one's role and responsibilities as a citizen in a secular society and as a member of a religious community; and then, beyond understanding, to respond with thoughts, with emotion, and with action to the needs of one's wider community.
- Strengthen the ability to judge clearly, observe accurately, draw reasonable inferences, perceive relationships, and to show the ability to discriminate among alternatives and design creative strategies to solve problems.
- Enjoy the cultural achievements of humanity and foster participation in creative and aesthetic activity.

### General Education Goals

To be well-informed, participating members of society, graduates must be knowledgeable in many areas. Andrews University considers the following areas to be important and designs its curriculum to help students meet the goals.
